THIS CATALOG IS ALSO YOUR HANDY ORDER BLANK

Just encircle the price and write the number of plants desired directly above the circled price. We will send you another catalog immediately upon receipt of your order. After you have completed your order, turn the back page over and there, already addressed and postage prepaid, your order is ready to mail.

(Staple or tape where indicated)

Name _____

Address _____

City _____ State _____

Although some items which are in our yearly catalog are not in stock now, they are in production and will be available at a later date. Inquiries as to approximate date of availability will receive our immediate attention.

MINIMUM QUANTITIES

Please do not order less than the following quantities of any one variety:

25 in 2½" pots • 25 in 3" pots

10 in 1-gal. containers • 5 in 5-gal. containers

PLEASE keep in mind that an order to be shipped by express, parcel post, or motor freight must total \$20.00 or more. This minimum also applies to local deliveries.

QUANTITY DISCOUNTS

1000 Plants 10% • 500 Plants 5%

These discounts apply if the following requirements are met:

1. All plants must be of one variety.
2. All plants must be of one container size.
3. All plants must be shipped at one time.

(All prices quoted in this Catalog are F.O.B. Azusa, California)

THIS IS YOUR SHIPPING COST GUIDE FOR LINERS (2 $\frac{1}{4}$ " & 3" Pots)

By checking this guide along with the catalog prices, you can figure approximately how much a liner will cost laid down in your area. These rates are the most that you would have to pay; in some cities the rates are lower than in the state in which the city is located.

For example, the laid down price for Berberis thun. atropurpurea to any area in Michigan would be 18c for each 2 $\frac{1}{4}$ " pot size plant. The laid down price for Viburnum burkwoodi to any area in Texas would be 22c for each 2 $\frac{1}{4}$ " pot size plant and 39c for each 3" pot size plant.

(These rates apply only to stock shipped by public carrier. [Railway express or Motor Freight.] If your orders are being delivered by our truck, please disregard this information.)

PACKING CHARGES

There is no charge made on packing lining out stock (2 $\frac{1}{4}$ " & 3" size plants) and Azaleas. Please remember, however, that shipping the large plants (1-gal., 2-gal. and 5-gal. sizes) by Railway Express or Motor Freight is much more expensive. In addition to the higher transportation rates, it is necessary that the 1-gal., 2-gal. & 5-gal. size plants be packed which means a packing charge of 20c for each 1-gal., 35c for each 2-gal. and 50c for each 5-gal. size plant.

WE DO NOT ADVISE PURCHASING THE CONTAINER SIZE PLANTS WHEN SHIPMENT IS TO BE MADE BY PUBLIC CARRIER.

When purchasing the container size plants (1-gal., 2-gal. and 5-gal.) we suggest using our contracted carrier service (semi) for delivery direct to your nursery. A minimum order of \$250.00 is required for this service. Please write us for complete information about our contracted carrier service and for the shipping rates to your nursery.

Do You Know?

GRASSES, GRASS-LIKE SUBJECTS AND SWORD-LEAF PLANTS

Today, with modern architecture most predominate in the houses and commercial buildings being constructed, it is important that we keep in step with this modern trend by supplying the above mentioned plants for use in accent and general landscape plantings.

Here are several good varieties that are ideal for use in modern plantings. Each variety is hardy, easy to grow and adds something new or different to the modern landscape picture.

Place your order today. Have something different in your nursery to sell to your customers!

ANTHERICUM MANDAIANUM (Zebra Grass)

Low growing tropical plant that is ideal for border plantings. Grass-like in appearance, having dark green foliage, striped with white. Here is a plant with that "something different" effect for planting in your tropical garden. It is also very attractive when planted in a hanging basket. Grows best when planted in partial shade.

Minimum temperature endurance plus 20° F.

2 $\frac{1}{4}$ " pots .17 $\frac{1}{2}$ 1-gal. .50

CORTADERIA SELLOANA (Pampas Grass)

Tall growing grass having serrated leaf blades. In the fall large decorative white plumes cover the entire plant. Thrives in warm, dry areas. Use this grass when you want a large bold background planting. Does best in full sun.

Minimum temperature endurance plus 20° F.

1-gal. divisions .60

DRACAENA DRACO (Dragon Tree)

Medium size growing tree with heavy sword-like leaves. When young this Dracaena resembles the Yucca plant, however, as the tree matures a showy rosette of light green leaves is formed on a main trunk, making a very picturesque tree. Does best when planted in a hot dry location.

Minimum temperature endurance plus 20° F.

1-gal. .60

Do You Know?

DRACAENA INDIVISA

Small growing tree with long narrow sword-shaped leaves. Very palm-like in appearance. Plumes of creamy white flowers often 4' in length are produced. A good plant for a tropical effect.

Minimum temperature endurance plus 20°F.

2½" pots .15

LIRIOPE SPICATA

This evergreen plant is highly prized for the lush deep green grass-like foliage and the small lilac-purple to whitish flowers. Has a creeping habit of growth making it ideal for use as a ground cover. Does well in both shade and sun.

Minimum temperature endurance plus 20°F.

1-gal. .45

PHALARIS PICTA VARIEGATA (Ribbon Grass)

Medium size ornamental grass with dark green flat leaves with white and yellowish stripes running the length of the blade. Very good for garden accent planting. Does best when planted in full sun. Minimum temperature endurance plus 10°F.

1-gal. .75

REINECKIA CARNEA

Small growing grass-like plant valuable for use as a ground cover or low border planting. Attractive dark green foliage and small flesh-colored flowers make this grass a "stand out" wherever planted. Prefers shade and plenty of moisture.

Minimum temperature endurance plus 20°F.

1-gal. .60

PENNISETUM VILLOSUM (Feather Grass)

Ornamental low-growing tropical grass with long narrow dark green leaves. Produces spikes topped with long feathery bristles. Good grass for foreground planting in sun or shade.

Minimum temperature endurance plus 20°F.

2½" pots .15

WELCOME TO OUR NURSERY. Telephone or just drop us a note and we will meet you at the terminal and be pleased to assist you in obtaining accommodations. We want you to visit us.

DELIVERY. Free delivery in the Los Angeles Metropolitan area, San Diego, Santa Barbara, Bakersfield and Palm Springs. We do not pay transportation charges on shipments not covered by our free delivery service. To more distant points we will use the safest and least expensive method unless specific instructions are given.

NON-WARRANTY. The Monrovia Nursery Company gives no warranty, expressed or implied, as to the variety or productivity of any nursery stock it sells. Liability in all instances is limited to the purchase price. No liability is assumed by seller for delay or failure to deliver caused by wars, strikes, fires, floods, droughts, embargos or any other contingencies beyond seller's control. If the purchaser does not accept the goods on these terms, they are to be returned.

TERMS. While our regular terms are cash, we will be pleased to make credit arrangements with established concerns. Open accounts are payable on or before the 10th of the month following date of delivery. Overdue accounts are subject to interest charge at a legal rate. No discount will be allowed as it is our policy to maintain attractive prices consistent with high quality stock. The issuance of this catalog automatically cancels all previous quotations. It is understood that all orders accepted are subject to availability of stock at the time of delivery.

PINTO TAG. We take great pride in being a "Pinto Tag" Nursery enabling us to ship into other California Counties without requiring any further inspection.

PLEASE REMEMBER. We deeply appreciate your patronage, and shall endeavor to always say "thank you" by the careful manner in which we will service your every order . . . large or small.
